PERFORMANCE REVIEW (CONSOLIDATED BASIS)

- Revenue from operations (Net) ₹ 3111.16 Million (Previous Year ₹ 5067.20 Million).
- Operating EBIDTA (Earnings before Interest, Financial Charges, Depreciation, Tax & Amortization) increased from ₹ (43.06) Million (F.Y. 2014-15) to ₹ 76.30 Million.
- Profit Before Tax (PBT) increased from ₹ (560.55) Million (F.Y. 2014-15) to ₹ (389.02) Million.
- Profit after Tax (PAT) increased from ₹ (570.66) Million (F.Y. 2014-15) to ₹ (390.33) Million.

Performance on consolidated basis is not comparative because of sale of overseas subsidiary of the Company in the month of December, 2014.

Since the Company has incurred loss during the year under review the Company does not propose to transfer any amount to reserve.

The standalone revenue from operations of the Company for the year ended March 31, 2016 was ₹ 3110.72 Million (net of excise duty) down by 16% as compared to previous year of ₹ 3617.83 Million (net of excise duty). The fall in the price of Sheet Metal upto 11%, which is the basic raw material for the Company's final products, was the prime reason for decrease in the revenue as compared to previous year. The bottom line of the Company during the year under review is in negative but it would be significant to note here that the loss of the Company for the year ended March 31, 2016, before considering income from Extra-ordinary Items and Tax expenses, decreased by ₹ 287.84 million i.e. 43.85% as compared to previous year losses of ₹ 656.36 Million, in spite of decline in top line. The Company could control the losses on account of various efforts taken during the year under review such as cost cutting in materials, logistics, maintenance, manpower, increase in operational efficiency, consolidation of business etc.

On net basis, the Company registered loss of ₹ 385.93 Million as compared to the loss for previous year of ₹ 326.01 Million. Previous year's Extra-ordinary Items included Profit from Sale of USA subsidiary of ₹ 341.07 Million.

The Auto-Component Industry is completely dependent on the performance of Original Equipment Manufacturers (OEMs). Stagnant position or nominal growth of the OEMs majorly impacted the performance of Auto-Component Industry. Your Company's performance is also dependent on the performance of few OEM customers and segment in which the Company supply its manufactured items.

DIVIDEND

In view of losses incurred during the year under review, the Board of Directors do not recommend dividend for the financial year 2015-16. No dividend was declared in the previous year.

STATE OF THE COMPANY'S AFFAIRS AND BUSINESS OVERVIEW

Your Company is operating in Auto-component, Auto-ancillary sectors and last few years have been very tough for the Auto-Component Industry in India. Continued slump in vehicle sales not only curbed revenue growth for the component sector, but also put severe pressure on the cash flows and industry's ability to stand for survival. Your Company's long standing position, profitable investment, well designed corporate strategy and quality works helped to absorb the set back and could hold the strong position in the Industry during the challenging times for Auto Industry.

After a bleak of few years, the Indian automobile and auto-component industry is showing signs of a turnaround. According to data of Society of Indian Automobile Manufacturer (SIAM), the growth in domestic sales of passenger vehicles de-railed during 2013-14 which restored during the year 2014-15 and registered growth of 7.24% during the year 2015-16. The domestic sales of Commercial Vehicles registered growth of 11.50% during the year 2015-16 over the period 2014-15.

The Government of India too is proactive and intervened positively on several counts for the Industry. Reform in Government policy such as 100 per cent FDI under the automatic route which encouraging the foreign investment in the automobile sector, 'Make-in-India' campaign to make India a manufacturing hub, plans to set up a separate independent department for Transport, comprising of experts from the automobile sector to resolve issues such as those related to fuel technology, motor body specifications and fuel emissions, apart from exports giving boost to the Automobile sector.

Apart from government initiatives, low manufacturing and labor cost accompanied by availability of manpower, large and growing domestic automobile market of India, competitive advantages facilitating emergence of outsourcing hub etc. are the factors driving growth in the Indian auto component sector. The large overseas automotive companies like Volvo, VW, GM, Bosch, Magna etc. are investing into the Indian automotive market which will create not only a large market but a global manufacturing and export hub in India.

Your Company has geared up to grab the new opportunities generating from the positive development and industry promotion measures and the company has initiated various steps to overcome from the current distress position.

Issue of fresh Equity Shares on Preferential Basis

With the intention to infuse own long term funds in the Company, the Board of the Company, with the approval of members of the Company, has allotted 8,90,000 Equity Shares having face value of ₹ 10/- each at a price of ₹ 70/- each (Including premium of ₹ 60/- each) on preferential basis to the promoters of the Company in the Month of December, 2015. Thereby your Company has received capital to the tune of ₹ 6.23 Crores and utilized it for repayment of loans and working capital requirements. With this issue, paid up share capital of the Company has increased to ₹ 13,23,10,540/- divided into 1,32,31,054 equity shares of ₹ 10/- each. The newly allotted shares have been listed on NSE and BSE.

Set-up of new manufacturing facility at Chennai

Chennai has been emerged as an automobile hub in India and to tap this growing market and to meet the requirement of existing valuable customers your Company has set up a manufacturing /assembly unit in Chennai on rented premises. Set up in Chennai will give comfort and sense of local presence of the Company to new as well as existing customers and open up more business opportunities to the Company. This facility will be operational by the end of second quarter of Financial Year 2016-17.

Launching of own products in Auto and Non-Auto Segment

As reported in previous Annual Report that your Company is in the process to enter into designing and manufacturing of four wheeler accessories and it has turned into reality. Your Company has launched its own designed and manufactured four wheeler accessories for selected models during the year under review. Your Company is confident that the growing four wheeler accessories market in India will support the Company to capture accessories market gradually.

Your Company has also entered into hospital equipment like special foldable beds, all type of tables, stands etc. by using existing infrastructure and available resources with the Company. These new launches unfold strength and capabilities of your company and open up new opportunities even in the persisting adverse market conditions.

Installation of Durability Testing Chamber for ABC Pedal Assembly

Your Company is one of the major manufacturer of owned design Accelerator, Brake & Clutch (ABC) pedals. Currently the Company is supplying pedals to renowned Original Equipment Manufacturers (OEMs) which contribute approx. 10% to its Top Line.

Accelerator, Brake & Clutch (ABC) pedals are most important components in an automotive. Designing of **ABC Pedal Assembly** plays a crucial role in enhancing driving comfort, safety & performance of the vehicle and also gives feeling of

confidence and satisfaction to the Automobile manufacturers, OEMs directly or indirectly.

Earlier the Company was dependent on one of the overseas resources for design validations process which was extremely time consuming and expensive.

A machine known as Durability Testing Chamber, has been successfully installed and commissioned at the premises of the Company during the year under review. This will put your Company in the category of holding dominant position in Pedal Business in India and lead towards becoming a world leader in pedal business in near future.

Durability Testing Chamber is used to conduct the pedal box assembly Life cycle test by subjecting the unit to environmental conditions of heat, cold and humidity during a load / deflection cycle. Results of Accelerator, Brake and Clutch (ABC) are examined under extreme or typical operating conditions. For continuous improvement in product quality and reliability, it was important to build this rare testing facility in-house. This will boost the Company's commitment to convert their **"Customers Satisfaction to Customers Delight"** by consistently striving hard and improving the Quality, Cost & Delivery of the product and improve the profitability.

Debt Restructuring

As reported in the previous Annual Report that Joint Lender Forum (formed by Bank of Baroda, The Catholic Syrian Bank Ltd, Axis Bank Ltd., NGSB Co-op. Bank Ltd. and Vidya Sahakari Bank Ltd.) has approved restructuring of existing debts of the Company with effect from December 1, 2014 and issued their sanction letters. Accordingly the Company has got moratorium of 24 Months for payment of interest and repayment of principal installments. Interest rate has been reduced to 12% p.a. by all the Bankers of the Company.

The Bankers had sanctioned fresh term loans of ₹ 25 Crores to support the Company during the process of debt restructuring and out of above ₹ 22 Crores have been disbursed and balance of ₹ 3 Crores is expected to be disbursed shortly. Repayment of fresh term loan and interest thereon will commence after moratorium period.

Financial assistance through Debt Restructuring revitalized the Company and the Company could concentrate to generate more business which ultimately, is the source of generating funds.

Diversification- Products as well as Customers

To tap Non-auto sector with minimum investment, the Company had started working on the projects of Indian Railways and Ministry of Defence and the process for Vendor Registration was completed in the previous year. During the year under review your Company has participated in various bids and received request for quotations (RFQs) for railway and defence projects. The Company has also got valuable orders from Indian Railways and confident for further orders.

Two years back your company had planned for customer diversification and results of your Company's efforts are very enthusiastic. The Company is working to bring the ratio to 70:30 by March 2018. Your Company is also exploring business in construction equipment sector and is in discussion with Tata Hitachi, Wirtgen India and Hyundai construction for supplying construction and earthmoving components/items.

Your Company has well planned manufacturing set up keeping in mind transportation cost and adherence to strict delivery schedule. Your Company has also completed construction of factory shed/ building in 8100 Sq. mtrs of land

situated at Plot No. 186 A of Belur Industrial Area, Dharwad. The Company is in the process to install plant and machinery by shifting the same from existing premises and/or purchase of balancing equipment/machinery. The Company is hoping to commence commercial production during 2nd half of current financial year. With these two new set up, Dharwad as well as Chennai, your Company's presence expanded and diversified as per the requirement of customers.

Your Company is having full of range of Mechanical / Hydraulic Presses right from smallest 40 Ton to highest 2000 Ton Capacity and is the one of few companies in Pune to have 2000 Ton Capacity Press. Your Company is second largest in Pune for the 'State of the Art' Tool Room with capability for making upto 3.5 Meter long Dies/ Tools and is spread over 60,000 sq. ft. premises.

Your Company is supplying auto components and/or designing/engineering services to almost all Domestic and International Original Equipment Manufacturers (OEMs) such as Tata, General Motors, Volkswagen, Ashok Leyland, Nissan, Renault, Ford, Fiat, AMW Asia, Mahindra, Cummins etc. Your Company is providing Value Added Engineering Services in terms of both cost reduction and adaptation to Indian conditions with considerable cost savings. Continuous R & D efforts and development of new design and products is an ongoing activity in the Company and make your Company's position strong in the auto industry.

Future Business Strategy

Your Company is focusing on optimum utilization of underutilized existing infrastructure by grabbing the opportunity in Auto sector as well as non-auto sector. The Company is taking efforts to improve its performance and exploring various business opportunities which can be executed with the support of existing infrastructure and minimum possible investment. Your Company has started to reap the fruits of hard work, the Company has procured new orders, in addition of regular business, from Tata Motors worth of approx ₹ 47 crores and Ford Motors worth of approx ₹ 6 crores in first two months of current financial year. The Company has received Request for Quotations (RFQs) near to ₹ 130 crores from existing customers and ₹ 50 crores from new customers during the previous year and till this reporting. They have confirmed their eligibility for being Auditors of the Company under the Companies Act, 2013 and that they are not disqualified.

Auditors' Report:

The Notes on financial statement referred to in the Auditors' Report are self-explanatory and do not call for any further comments.

SECRETARIAL AUDITORS

Pursuant to the provisions of Section 204 of the Companies Act, 2013 and The Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014, M/s. KANJ & Associates, Company Secretaries, Pune, a firm of Practicing Company Secretaries, were engaged by your Board for the purposes of Secretarial Audit for the year ended March 31, 2016.

Secretarial Audit Report in terms of Section 204(1) is enclosed as "Annexure D".

The Secretarial Auditors in their Secretarial Audit Report have observed that:

A. Listing Agreement

1. *The audited financial results for the year ended 31st March, 2015 were filed within the time limits prescribed under clause 41 (1) (c) (ii) of the Listing Agreement. However the same were not accompanied by the Auditors' Report, which was submitted to Stock Exchanges on 27th August, 2015.*

Comments by the Board of Directors: The Company inadvertently missed to submit the Auditors' Report to the Stock Exchanges within prescribed time which resulted in delayed submission.

B. Foreign Exchange Management Act, 1999

1. *The Company has not filed Annual Performance Report of its wholly owned subsidiary Koderat Investments Limited, Cyprus for the financial year, 2014-15. Thus to that extent it has not complied with Regulation 15 of the Foreign Exchange Management (Transfer or Issue of Any Foreign Security) Regulations, 2000.*

Comments by the Board of Directors: Koderat Investment Limited is acting as special purpose vehicle and acquired 49% stake of "SZ Design Srl"

and "Zagato Srl" Italian limited liability companies and these companies are into liquidation/bankruptcy stage and the audited accounts of these companies for the relevant period are not released and made available to us and therefore the Audit of Accounts of Koderat Investment Limited for the financial year 2014-15 is yet not completed and Annual Performance Report of Koderat Investment Limited (wholly owned subsidiary) has not filed. The Company will file the same immediately after receipt of Audited Accounts of Koderat Investment Limited.

2. *In the financial year 2014-15, the Company had disinvested its entire investment in Autoline Industries Inc., USA, a wholly owned subsidiary. However the Company has not yet filed part IV of Form ODI reporting such disinvestment as per the Foreign Exchange Management (Transfer or Issue of Any Foreign Security) Regulations, 2000.*

Comments by the Board of Directors: At the time of disinvestment in Autoline Industries Inc., USA, the Company applied for change in authorized dealer to facilitate inward remittance. Since the RBI formalities relating to change in authorized dealer are still in process the Company could not file part IV of Form ODI reporting and will be filed as soon as the said formalities relating to change in Authorised dealer are completed.

INTERNAL AUDITORS

Your Company has appointed M/s. Ketan H. Shah & Associates, Chartered Accountants, Pune as Internal Auditors for financial year 2016-17 under Section 138 of the Companies Act, 2013.

Management Discussion and Analysis Report

ECONOMIC OVERVIEW

World Economic Outlook (WEO), Update (January, 2016) projected that "India and the rest of emerging Asia are to continue growing at a robust pace, although with some countries facing strong headwinds from China's economic rebalancing and global manufacturing weakness". WEO projected India's growth at 7.5% for the current financial year and the next. These projections show India's growth rate at highest level followed by Emerging and Developing Asia at 6.3% and 6.2% respectively. As per WEO projection, growth in China is expected to slow to 6.3% in 2016 and 6.0% in 2017 primarily reflecting weaker investment growth as the economy continues to rebalance.

In 2015, global economic activity remained subdued. Growth in emerging market and developing economies while still accounting for over 70% of global growth declined for the fifth consecutive year, while a modest recovery continued in advanced economies. Risks to the global outlook remain tilted to the downside and relate to ongoing adjustments in the global economy. Growth in advanced economies is projected to rise by 0.2% in 2016 to 2.1% and hold steady in 2017. Overall, global growth is projected at 3.4 % in 2016 and 3.6 % in 2017.

The Economic Survey of India 2015-16 indicates that despite global headwinds and a truant monsoon, India registered robust growth of 7.2 per cent in 2014-15 and 7.6 per cent in 2015-16 and would grow 7.75 per cent in the 2016-17, thus becoming the fastest growing major economy in the world. As per the estimates of the International Monetary Fund (IMF), global growth averaged 3.1 per cent in 2015, declining from 3.4 per cent registered in 2014.

India's growth story has largely remained positive on the strength of domestic absorption, and the country has registered a robust and steady pace of economic growth in 2015-16 as it did in 2014-15. Additionally, its other macroeconomic parameters like inflation, fiscal deficit and current account balance have exhibited distinct signs of improvement. However, weak growth in advanced and emerging economies has taken its toll on India's exports.

Given the prevalent overall macroeconomic scenario, and predicted above normal rainfall in the current year, it would not be unreasonable to conclude that the Indian economy is all set to accelerate the growth for the third year in succession.

INDUSTRY STRUCTURE AND DEVELOPMENTS

Autoline Industries Limited operates in an Automotive Sector. Automotive sector can be termed as Navigator of the Manufacturing Sector in an economy as it decides the fortunes of several related manufacturing industries. The Automotive Industry has numerous backward and forward linkages with over two dozen industries across manufacturing and service sectors, across the formal and informal sectors of the economy. The Indian Automotive Industry is the sixth largest in the world propelling the economy ahead by its strong positive multiplier effect.

Vision Statement of The Automotive Mission Plan 2016-26 (AMP 2016) framed by Government of India and the Indian Automotive Industry says "By 2026, the Indian automotive industry will be among the top three of the world in engineering, manufacture and export of vehicles and auto components and will encompass safe, efficient and environment friendly conditions for affordable mobility of people and transportation of goods in India comparable with global standards, growing in value to over 12% of India's GDP and generating an additional 65 million jobs."

AMP 2026 envisages that the Indian Automotive Industry will grow 3.5-4 times in value from its current output of around ₹ 4,64,000 Crores to about ₹ 16,16,000 Crore by 2026 based on a base case with average GDP growth of 5.8% and about ₹ 18,88,000 Crore based on an optimistic case with an average GDP growth of 7.5% during the period of 2026.

Indian Automobile Industry

The Indian automobile Industry is gradually and steadily coming out of the slump witnessed in the previous couple of years. Passenger Cars recorded highest growth in 5 years during the year 2015-16 by registering a growth of 7.8% as compared to previous year 2014-15. In volume terms the passenger cars sales stood at 20,25,479 units in 2015-16 as compared with 18,77,706 units in 2014-15. The growth is driven by Positive consumer sentiment, new launches, attractive schemes and increasing disposable incomes.

The overall commercial vehicles segment reported a growth of 11.51% with medium and heavy commercial vehicles (M&HCVs) clocking 29.91% and light CVs growing marginally by 0.30 %.

Three-wheelers posted a growth of 1.03% with passenger carriers seeing a step up of 2.11% and goods carriers declining by 3.32%. A laggard in the two-wheelers market continued to be the motorcycle segment declining by 0.24% with mopeds facing a steeper drop of 3.32%. Scooters however continued to grow at 11.79% leading the two-wheeler growth to 3.01% during the year 2015-16.

Cumulatively the automotive industry ended financial year 2015-16 on a positive note growing 3.78% in domestic sales whereas overall export rose marginally by 1.91%.

Your Company's prime customer's performance: The Cumulative sales (including exports) of Tata Motors Ltd. for Financial Year 2015-16 were 5,11,711 nos. (All vehicles), higher by 2% over 5,02,281 vehicles, sold last year. Contribution to the sales by commercial vehicles i.e. LCV is 33.26% and M&HCV is 30.67%. All passenger vehicles is 24.73% and export sales is 11.34%.

The Domestic Market Share for the year 2015-16 comprised of 14% (Passenger Vehicles), 3% (Commercial Vehicles), 3% (Three wheelers) and 80% (Two wheelers).

Auto Ancillary Industry

The Indian Auto Components Industry is one of the largest automotive markets in the world. Despite past challenging years, the auto component industry registered an impressive growth of 8.8% in 2015-16 with overall turnover standing at appx ₹ 2.56 lakh Crore (USD 39.00 Billion) against last year of ₹ 2.35 lakh Crore (USD 38.5 Billion).

OPPORTUNITIES & STRENGTHS

Over the decade, India has emerged as one of the most preferred locations in the world for manufacturing high quality automotive components and vehicles of all kinds, narrowing its gap over several established locations in the process. Over the next decade, the Automotive Industry at a global level is likely to see significant transformation. Principal ones that are expected include the shift of growth in demand for automobiles from developed nations to developing nations (mainly BRICS); a dramatic increase in the share of electronics in automobiles making them a “computer on wheels”; a relentless pursuit of economies of scale and scope in design and engineering of automobiles and components, while also pursuing low cost manufacturing destinations.

Although Automotive Sector is reaching towards accounting for 40 % of Indian manufacturing still India remains one of the most under-penetrated markets for Automobile, with passenger vehicle ownership of less than 15 per 1000 people. Therefore there is huge latent demand for mobility and there are millions of Indians aspiring to own their first passenger car, or motorcycle. Moreover, the export of Automotive from India is growing, with manufacturers like Ford, Volkswagen etc. are using India as a manufacturing base to export vehicles, engines and components.

Make in India: The Indian government’s focus on improving ease of business with its ‘Make in India’ initiative is expected to soften regulations and reduce complex procedures. The initiative will also result in making India more cost effective manufacturing destination. Automotive industry is amongst the foremost drivers of the Manufacturing Sector and it will be a significant contributor to the success of “Make in India” Programme. India’s emergence as a major automotive market has already led to many of the global OEMs setting up production facilities in the country.

Focus on Import Substitution: With the government of India’s emphasis on substitution of imported goods to reduce import bills, sectors such as railways and defence are expected to look to Indian companies for procurement. This provides manufacturing companies, especially auto component industry having infrastructure and other facilities, an opportunity to grow in the non-automotive business.

Ramp up of Capacity Utilisations: The slowdown in the Indian automotive industry has resulted in a decline in capacity utilisation. As the domestic market recovers and export demand continues to trend upwards, your company will be in a position to ramp up utilisations and capture a significant share of this additional demand.

High Export Demand: With a focus on cost optimization, OEMs across the world have looked to cost effective countries such as India, for sourcing automotive components and also setting up manufacturing bases for exports of automobiles, this has led to an increase in India-made automotive component exports, both direct and indirect, as parts of an exported automobiles.

Major Developments & Investment in India: In order to keep up with the growing demand, several auto makers have started investing heavily in various segments of the industry during the last few months. The industry has attracted Foreign Direct Investment (FDI) worth US\$ 14.32 billion

during the period April 2000 to December 2015, according to data released by Department of Industrial Policy and Promotion (DIPP).

Some of the major developments and investments in the automotive sector in India are as follows:

- The Government of India has permitted 100% foreign direct investment (FDI) in the automotive industry through the automatic route. This has encouraged global OEMs to invest in and develop innovative products, technologies and supply chains.
- Government of India aims to make automobiles manufacturing the main driver of ‘Make in India’ initiative, as it expects passenger vehicles market to triple to 9.4 million units by 2026, as highlighted in the Auto Mission Plan (AMP) 2016-26.
- In the Union budget of 2015-16, the Government has announced to provide credit of ₹ 8,50,000 crore (US\$ 124.71 billion) to farmers, which is expected to boost the tractors segment sales.
- The Government plans to promote eco-friendly cars in the country i.e. CNG based vehicle, hybrid vehicle, and electric vehicle and also made mandatory of 5 per cent ethanol blending in petrol.
- The government has formulated a Scheme for Faster Adoption and Manufacturing of Electric and Hybrid Vehicles in India, under the National Electric Mobility Mission 2020 to encourage the progressive induction of reliable, affordable and efficient electric and hybrid vehicles in the country.

Investment in India

- Japanese two-wheeler manufacturer Honda Motorcycle and Scooter India (HMSI) has opened its fourth and world’s largest scooter plant in Gujarat, set up to initially produce 6,00,000 scooters per annum to be scaled up to 1.2 million scooters per annum by mid-2016.
- American car maker Ford has unveiled its iconic Ford Mustang in India and will make its debut in second quarter of Financial Year 2016 within the price band of ₹ 45 lakh (US\$ 66,146) and ₹ 50 lakh (US\$ 73,496) in the Indian market.
- Nissan Motor Co. Ltd is in discussion with Government of India to bring electric and hybrid technologies to India as the government plans to reduce air pollution caused by vehicles.

THREATS

Presence of large number of players, domestic as well as multinational, in the Automobile industry results into extensive competition. Moreover, Government of India's aim to propel the Indian Automotive Industry to be the engine of the "Make in India" programme will intensify competition as the existing entity will have to compete with settled as well as new players entering into the market with some privilege under "Make in India" initiatives.

The automobile industry and the demand for automobiles are influenced by general economic growth, fluctuations in the fuel prices, credit availability, growth in manufacturing and service sectors, agricultural growth which dependent on monsoon condition, disposable income of consumers, interest rates etc. Negative trends in any of these factors could materially and adversely affect the automobile industry and there is a direct threat to the existence of auto ancillary industry.

Moreover, the price of raw materials is volatile in nature and depends on various factors like oil prices, economic scenarios across the globe, exchange fluctuation and others which cannot be controlled by the Company and an increase in the price of raw materials could materially impact the bottom line of the company if the company could not pass on such increase in cost to its OEMs.

Notwithstanding the various challenges, the industry's long-term prospects remain bright. The growth will be driven mainly by healthy economic growth, changing consumer preferences, replacement demand and rising aspirations, development of electric and hybrid vehicles market, increased spending on infrastructure development, thrust on rural economy and new product launches, among others.

STRATEGY AND OUTLOOK

Your Company has always been a firm believer in the long term potential of the Indian automotive industry. Our capacity expansions have underpinned our robust growth over the last decade. However, in the last few years, several macro headwinds have obstructed the growth of the automotive components industry including flagging vehicle sales, increasing capital costs, high interest rates and rising inflation etc. This slowdown, which still continues to impact the domestic automobile industry, has undermined our capacity expansions, infrastructure and utilizations and impacted profitability again in the Financial Year 2015-2016.

However, some of your Company's customers and other OEMs are now expanding capacities anticipating higher demand in the quarters to come and advantages to build in India. Your Board expects the recovery to be stronger, driven by reforms led macro-economic recovery, strong demand and government initiatives to propel India as Automotive Hub, increase in the infrastructure spend. An infrastructural recovery will, in turn, lead to increased sales of commercial vehicles and heavy equipment and machinery.

A key driver of your Company's growth is the expansion of global OEMs in India. Not only they are increasing investments into the country leading to higher car production levels, but are also consolidating their suppliers who can achieve their operational and quality targets. This trend is leading to a consolidation in the automotive ancillary industry with increasingly more opportunities being presented to larger suppliers such as your Company. Your Company have created additional capacities which will position well to cater to any increase in demand as the automotive market recovers.

STRATEGIC PLANNING/ MOVING AHEAD

Your Company geographical expanded by setting up facility in Chennai, a largest automotive and auto component manufacturing hub of India in terms of volumes and investment.

During the year under review your Company has completed construction of factory shed and building at Dharwad location in Southern India and with this new set up your Company owns two plants in Dharwad and this will help the Company to cater to the growing needs of Domestic and International OEMs and particularly for the various models manufactured by Tata Motors Ltd. at Dharwad.

Diversification

Your Company's efforts to enter into non-auto business specifically in Railway, Defense etc. turning into reality and Indian Railway has awarded few orders during the year 2015-16 and it has opened up a big market for your company. The Company is pursuing for defence order and expecting sizeable order. In addition of above the company is also anticipating higher growth in stamping tool manufacturing business and overseeing the possibilities to develop the business with Godrej Industry, Ford Motors, Cummins, Toyotetsu India Autoparts, Mahindra & Mahindra, TATA etc.

Your Company is also exploring business in Construction equipments sector.

Your Company's focus on diversification is very clear and it is fully prepared to make the investment to start with Railway and Defense projects.

Fund Raising/Cost Saving

Managing the Cash Flow in the loss making Company is a massive issue and at present your Company is confronting with the liquidity problem and to support its financial requirements the Company needs infusion of long term fund. The Company is exploring possibilities to raise funds in organic and inorganic manner to mobilize funds for working capital requirements, expansion, diversification, repayment of loans and other general corporate purpose and whenever any concrete decision is taken by the Board of the Company the same will be communicated by appropriate means.

The Cost saving initiatives are being taken on regular basis and the Company has been able to achieve satisfactory cost savings with the task of supplier rationalization, inventory management, system improvement, revising credit periods etc. The Company has also reduced its workforce in last few months due to which sales to CTC ratio was hovering around 15-18%, certain sections of workforce are redundant on various counts – performance, potential, obsolescence etc.

Manufacturing capabilities

Your Company's untiring efforts of adhering to global quality standards, enhancing production efficiency, upgrading to fast changing requirements of OEMs, customization of products and solutions, and a strong focus on product innovation and improvisation have yielded an overall improvement in qualitative performance.

Recently your Company has installed a machine called Durability Testing Chamber for ABC Pedal Assembly, imported from US and commissioned at the premises of the Company with the support of the Indian technicians. This will put your Company in the category of holding dominant position in pedal business in India and lead towards becoming the world leader in pedal business. This adds one more golden feather to its wings.

Your Company's in-house designing team and infrastructure including its subsidiary, has introduced a number of new products over the years and it will enable to expand product range, make it competitive with sound standing and extend the geographical reach. The Adjustable & Collapsible Pedal Assembly, High Deck Load Body, Park Brake Assembly and Jack Assembly are a result of our focus on driving growth through innovation, thus exemplifying the value engineering expertise of your Company.

Over the years, your Company has built a strong product portfolio and developed high end design and value engineering capabilities. Your Company is an integrated 'Art to Part' or 'Concept to Delivery' Company with capability right from Styling, Designing (CAD), Proto typing, Analyzing CAE (Computer Aided Engineering), for Crash Worthiness, NVH, CFD, etc., Tooling (Computer Aided Manufacturing) and finally Mass Manufacturing.

In the recent years, with a well-defined business strategy, your Company has won new contracts from various OEMs such as Tata Motors, General Motors, Volkswagen, Ford, Mahindra Navistar Automotive Ltd. etc. Consequently, it has also led to improved and increased brand visibility and awareness for your Company. Due to excellent quality in work, cost competitiveness, timely deliveries and State of the Art Tool Room facility with latest CAD /CAE/ CAM facilities, the Company has, in a short span, become well established brand in auto ancillary industry.

Every manufacturing facility has a tool room attached with Computerized Milling Centers, Wire-cut Machines, Horizontal Boring Machine and host of other supporting tooling machinery to take care of even the large size dies. This is supported by a state-of-the-art Design Engineering setup with the latest Hardware and Software backed by CAD/CAE/CAM facilities for optimum utilization of tool room machinery.

RISK AND CONCERNS

Auto Ancillary Industry requires huge capital investment and organized structure and therefore putting economic barrier on unorganized players but its complete dependency on automobile industry is the point of concern and makes it slightly unattractive as it does not hold sizeable market independent from Original Equipment Manufacturer (OEM).

Raw Material Prices: Prices and availability of various raw materials such as steel, non-ferrous, precious metals, rubber and petroleum products are dependent on various environmental factors. Even as the Company continues to pursue cost control measures, any unforeseen or sudden spike in cost of these items could impact the profitability of the Company to the extent that the Company could not pass through the rise in the price of Raw Material to the customer. For your Company, increase in the price of raw materials, especially steel, are passed through so there is a limited impact on the profitability.

Global Competition: With the integration of global automobile supply chains, the automobile components industry has become increasingly competitive with OEMs continuously scanning the market for lower prices and better terms. Even as the Company enjoys strong and long standing relationship with many global OEMs, it continues to invest in newer products and better quality control.

Technological Changes: The business environment is evolving at a rapid pace. The changing technologies have led to a shortening of the life cycle of new vehicles. Additional challenges include supply constraints from Tier II suppliers, sustenance of operating cost efficiency gains and capacity expansions in the context of rapidly changing consumer demand preferences. The Company continues to invest in new technologies and capacities to address such risks. In addition, our focus on rationalization both in terms of size and functions, enables us to continue to complement the manufacturing excellence programs that are being developed.

High dependency on few customers: Only few customers contribute more than 90% revenue on standalone basis of the Company out of this one customer i.e. Tata Motors Limited contributes approximately 75%. Tata Motors could achieve nominal growth of 2% over the sales of previous year. Cumulative sales of commercial vehicles of Tata Motors in the domestic market for Financial Year 2015-16 was 3,27,142 nos., higher by 3% over last year. Cumulative LCV sales was 1,70,181 nos., a decline of 11% over last year, while M&HCV sales were at 1,56,961 nos., higher by 23% over last year. Sales of all passenger vehicles of Tata Motors Limited in the domestic market for Financial Year 2015-16 were 1,26,534 nos. lower by 6%, over last year and Sales from exports for Financial Year 2015-16 were at 58,035 a growth of 16%, compared to last year.

Thus the performance of the Company is completely dependent on the performance of its key customers and decline in demand of final products of the company's customer will definitely adversely affect the company's performance financially and operationally.

Approximate 80% of your Company's products are 'Commodity' business i.e. large volume, low profit business. These are also replaceable by other Companies setting

up similar facilities. Hence, your Company have to scale up to more 'proprietary' products with own designs and ability to realize good margins from Customers in coming years. Auto Component manufacturers of this Category are caught between large OEMs (Vehicle Manufacturers) and large Steel Companies (raw material suppliers) with less or no elbow room for negotiations and terms, unless new proprietary products with own design are launched in both Automotive and Non-Automotive Sectors.

In addition of above there are possibilities to intensify risks by change in economic and monetary policies of government adversely affecting business sentiments of the company, risks associated with human resource, Force Majeure, occurrence of unforeseen events, growing used car market may create obstacle to the rapid growth of Automotive Industry and any other business risks.

Risk Management: Strategic, operating and financial business risks are reviewed by the Board and its committees on a regular basis. In addition to the above risks, the committee monitors any potential new risks that may arise due to changes in the external environment. While the possibility of a negative impact due to one or more of such risks cannot be totally avoided, the Company proactively takes reasonable steps to pre-empt and mitigate these.

SEGMENT – WISE PERFORMANCE

At present your Company operates mainly in single segment i.e. manufacturing of auto parts such as pressed sheet metal, auto components and assemblies which is used in the manufacturing of main product and in Design Engineering Services. All other activities of the Company revolve around the main business. The sales are primarily to Domestic Automotive Component Segment. However, the Company also has a small share in export segment.

INTERNAL CONTROL SYSTEMS AND THEIR ADEQUACY

The Company has proper and adequate system of controls in order to ensure the optimal utilization of resources and the accurate reporting of financial transactions and strict compliance with applicable laws and regulations. The Company has put in place sufficient systems to ensure that assets are safeguarded against loss from unauthorized use or disposition and that transactions are authorized, recorded and reported correctly.

Audit Committee of Board of Directors comprising majority of Independent Directors, regularly reviews the significant audit findings, adequacy of internal controls, compliance with accounting policies, practices and standards as well as statutory compliances. It reviews and reports efficiency and effectiveness of operations and the key process risk.

Your Company has implemented Microsoft Dynamics AX 2009, Enterprise Wide Solution, Enterprise Resource Planning (ERP) at all its plants covering all its businesses, planning and accounting processes. With the help of ERP and continuous improvements, your Company will be in a better position to increase the operational efficiency and cost effectiveness of overall operational controls. Your Company has also appointed M/s. Ketan H. Shah & Associates, Pune, Chartered Accountants as Internal Auditors during financial year 2015-16. The Audit Committee reviews internal audit reports and the adequacy of internal controls from time to time.

DISCUSSION ON FINANCIAL PERFORMANCE WITH RESPECT TO OPERATIONAL PERFORMANCE

Your Company's performance in the last financial year is a reflection of the challenges faced by the automotive industry in India and in certain other regions internationally. In FY 2015-16, the consolidated revenues of the Company were ₹ 3111.16 million, a decline of 38.60 % over the previous year. Decline is mainly due to disinvestment of subsidiary company situated in Butler, US in the month of December, 2014.

Consolidated EBIDTA for the year increased by 277.19 % to ₹ 76.30 million from ₹ (43.06) million Management remained focused on cost optimisation and value enhancement during this period.

Consolidated loss after tax for Financial Year 2015-16 before minority interest is ₹ 390.33 million.

Capital expenditure:

During the year under review your Company has invested apprx. ₹ 17 Million towards capital expenditure mainly in plant and machinery and construction of building at Dharwad unit. The capital infusion will continue in a planned manner to further improve, enhance and modernize plants and designing and development activities in the current year 2016-17.

HUMAN RESOURCES

Your Company had a total strength of 1238 employees as on March 31, 2016. During the year under review your Company has taken various steps for the betterment of the employees and cohesive working atmosphere in the Company. Your Company believes in people and acknowledges its employees as most valuable asset and therefore human resource management is an ongoing activity in the Company which work for providing tools and methods to the Company for moving forward.

The Company aims to retain its talent pool from separation with the Company and for the same the Company introduced employee retention programme. A policy for Streamlining and realigning of grades across all levels of the organization has also been implemented. In addition of above the Company also introduced 5-days a week working policy starting with closure on second and fourth Saturday, part time working policy etc. and also working on various Human Resources initiatives such as Policy on Death Benevolent Fund, Rewards and Recognition Policy, Annual Health Check-up policy in addition of already started self-funded Mediclaim known as 'Autoline Employees Health Benefit Scheme', etc.

The Company is having a well-equipped human resource department and a team of able and experienced professionals. New recruitments at various levels are being made to adequately manage various segments/functions of growing operations of the Company. The Company provides training to its employees on a continuous basis for skill building, creativity and developing quality manpower.

A Cordial Industrial Relations environment prevailed in all the manufacturing units of the Company during the year except few pending suspension enquiries against undisciplined workers at Utrakhand Plant.

Independent Auditors' Report**To The Members of Autoline Industries Limited****Report on the Standalone Financial Statements**

We have audited the accompanying standalone financial statements of AUTOLINE INDUSTRIES LIMITED ("the Company"), which comprise the Balance Sheet as at March 31, 2016; the Statement of Profit and Loss, the Cash Flow Statement for the year then ended, a summary of significant accounting policies and other explanatory information

Management's responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in Section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation and presentation of these standalone financial statements that give a true and fair view of the financial position, financial performance and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatements, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these standalone financial statements based on our audit.

We have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143 (10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal financial control relevant to the Company's preparation of the financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of the accounting estimates made by the Company's Directors, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the company as at March 31, 2016 and its loss and cash flows for the year ended on that date.

EMPHASIS OF THE MATTER

Without qualification, we draw your attention to the following:-

Sub Note to Note No. 9 of schedule of notes to the financial statements for non provision of diminution in the value of investment amounting to ₹ 32.84 crores in subsidiary Koderat Investments Limited (Cyprus), the note is self-explanatory and the matter is subjudice with Italian courts and therefore no effect has been given in these Standalone financial statements. In the given circumstances, we are unable to express our opinion on the matter.

Report on Other Legal and Regulatory Requirements

‘ANNEXURE B’ TO THE INDEPENDENT AUDITORS’ REPORT

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **AUTOLINE INDUSTRIES LIMITED** (“the Company”) as of March 31, 2016 in conjunction with our audit of the standalone financial statements of the company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting, issued by the “Institute of Chartered Accountants of India” (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls both applicable to an audit of Internal Financial Control and both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting were established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

Company’s Internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, however company is required to strengthen its financial control for obtaining balance confirmations from trade receivables & payables based on "the internal control over financial reporting criteria established by the Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India" (ICAI).

NOTES FORMING PART OF THE FINANCIAL STATEMENTS AS AT MARCH 31, 2016.**1. SIGNIFICANT ACCOUNTING POLICIES****1.1 Basis of accounting and preparation of financial statements :**

The financial statements have been prepared on historical cost convention and as a going concern basis and in accordance with the Generally Accepted Accounting Principles in India (Indian GAAP) to comply with the Accounting Standards notified under the relevant provisions of the Companies Act, 2013.

The financial statements are prepared under the historical cost convention, except for certain Fixed Assets which are carried at revalued amounts. The company follows mercantile system of accounting and recognizes income and expenditure on accrual basis except those with significant uncertainties and interest payable on delayed payment of statutory dues.

1.2 Use of estimates

The preparation of the financial statements in conformity with Indian GAAP requires the Management to make estimates and assumptions considered in the reported amounts of assets and liabilities (including contingent liabilities) and the reported income and expenses during the year. The Management believes that the estimates used in preparation of the financial statements are prudent and reasonable. Future results could differ due to these estimates and the differences between the actual results and the estimates are recognized in the periods in which the results are known / materialize

1.3 Inventories :

Inventories are valued at cost on FIFO basis or net realizable value whichever is lower; cost is ascertained on the following basis :

- a) Raw Material, Packing Material, Tools, Dies, Spares and Consumable are valued at cost plus direct cost incurred to bring the stock to its existing level.
- b) Work in progress / Finished Goods are valued at cost of manufacturing based on cost of Raw material and labour and overheads cost up to the relevant stage of completion.
- c) Tools and Dies under process have been valued on percentage completion based on estimated cost of production and development of respective tools and dies.
- d) Cost includes taxes and duties as applicable.

1.4 Cash flow statement :

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the Company are segregated based on the available information.

1.5 Events occurring after the date of Balance Sheet :

Material events occurring after the date of Balance Sheet are considered up to the date of approval of the accounts by the board of directors. There are no substantial events having an impact on the results of the current year Balance Sheet.

1.6 Depreciation :

Depreciation on Fixed Assets is provided to the extent of depreciable amount on the Straight Line Method (SLM).

Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.

Intangible assets are written off over the period of 5 years & Research & Development is written off over 10 years. Depreciation on fixed assets, added / disposed off during the year, is provided on pro-rata monthly basis with reference to date of addition / disposal.

In case of revalued Asset the depreciation is calculated as per above method, and the difference between revalued value and original value is reduced from the total Depreciation and same is also reduced from the Revaluation Reserve.

1.7 Revenue recognition :

Sales are accounted on net of Sales Returns / Rejection. Revenue from sale of products is recognized upon passage of title to the customer on acceptance of goods which generally coincides with the dispatch of materials. Sales include excise duty but exclude sales tax and value added tax.

Dividend Income is recognized when the right to receive the dividend is unconditional at the Balance Sheet date.

Interest Income is recognized on accrual basis.

1.8 Fixed Asset :**Tangible Assets**

Tangible Assets are stated at cost net of recoverable taxes, trade discounts and rebates and include amounts added on revaluation, less accumulated depreciation and impairment loss, if any. The cost of Tangible Assets comprises its purchase price, borrowing cost if any and any cost directly attributable to bringing the asset to its working condition for its intended use.

Tools & Dies

Tools & Dies designed/ manufactured in house have been capitalized considering direct cost of the material, wages paid to tool room employees, and other incidental expenses and proportionate overheads including borrowing cost related thereto.

Intangible Assets

Intangible Assets are stated at cost of acquisition net of recoverable taxes less accumulated amortization and impairment loss, if any. The cost comprises purchase price, borrowing costs, and any cost directly attributable to bringing the asset to its working condition for the intended use and net charges on foreign exchange contracts and adjustments arising from exchange rate variations attributable to the intangible assets.

Capital work in Progress :

The Expenditure which are of Capital nature and the assets for which it is incurred which has not come into existence / put to use during the year is shown under this head.

1.9 Foreign currency transactions and translations :

Foreign Exchange transactions are accounted for at exchange rate prevailing on the date of transactions. Year-end monetary asset and liabilities in foreign currency are translated at the applicable year-end exchange rate and the resultant difference in case of revenue item is recognized as gain / loss for the year and in case of capital account the same is adjusted against the respective fixed asset.

The premium or discount arising on forward exchange contract including those entered into, to hedge foreign currency risk of a firm commitment or highly probable forecast transaction other than those which are not intended for trading or speculative purpose, are amortized as expenses or income over the life of the contract. Exchange difference on such contract is recognized in the profit & loss account of the reporting period in which the exchange rate changes. Any profit or loss arising on cancellation or renewal of such forward exchange contract is recognized as income or as expense of the year.

The Company has decided not to exercise the option available under amendment to AS-11 relating to "the effects of changes in Foreign Exchange Rates" in respect of its long term foreign currency monetary items and accordingly is continuing to follow the principles laid down in AS 11 before such amendment.

1.10 Government grants, subsidies and export incentives :

Government grants and subsidies are recognized when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidy will be received. The same is treated as revenue/ capital as per the scheme framed by the Government and the same is routed through statement of Profit & Loss account.

1.11 Investments :

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

1.12 Employee benefits Costs :

Employee benefits include provident fund, gratuity fund and compensated absences.

Defined contribution plans

The Company's contributions to provident fund are considered as defined contribution plans and are charged as an expense as they fall due based on the amount of contribution required to be made.

Defined benefit plans

Contribution in respect of Gratuity is made to the approved Gratuity Fund maintained by Life Insurance Corporation of India Ltd. The liability in respect of Bonus and for Leave Encashment is provided on actual basis.

1.13 Employee Stock Options :

Employee Stock Options are evaluated and accounted on intrinsic value method as per the accounting treatment prescribed by Guidance Note on 'Accounting for Employee Share –Based Payments' issued by ICAI read with SEBI (Employee Stock Option Scheme & Employee Stock Purchase Scheme) Guidelines 1999 issued by SEBI. The excess of market value, if any, of the stock option as on the date of grant over the exercise price of the options is recognized as deferred employee compensation and is charged to the profit & loss account on vesting basis over the vesting period of the option .The un-amortized portion of the deferred employee compensation is reduced from Employee Stock Option outstanding, which is shown under Reserves & Surplus.

1.14 Borrowing costs :

Borrowing costs that are directly attributable to the acquisition, construction or production of fixed assets are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

1.15 Segment reporting:-

The Company identifies primary segments based on the dominant source, nature of risks and returns and the internal organization and management structure. The operating segments are the segments for which separate financial information is available and for which operating profit/loss amounts are evaluated regularly by the executive Management in deciding how to allocate resources and in assessing performance.

1.16 Earnings per share :

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post-tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented. The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

1.17 Taxes on income :

Tax Expenses comprises of Current Tax, Wealth Tax and Deferred Tax. A provision for current tax is made based on tax liability computed in accordance with relevant tax rates and tax laws.

Current and deferred tax relating to items directly recognised in equity is recognised in equity and not in the Statement of Profit and Loss Account.

Deferred Tax- Asset/ Liability :

The Accounting Standard 22 "Accounting for Taxes on Income" issued by the Institute of Chartered accountants of India, has become applicable to the Company. The Deferred Tax is recognized for all timing differences being the difference between "Taxable Income" and "Accounting Income" that originate in one period, and are capable of reversal in one or more subsequent periods and measured using relevant enacted tax rates. Deferred Tax Assets are recognized only if there is reasonable certainty that they will be realized and are reviewed for the appropriateness of their respective carrying value at each balance sheet date.

1.18 Research & Development :

Research & Development expenditure incurred on the identified product/ process is carried forward when its future recoverability can reasonably regarded as assured. Expenditure incurred till the commencement of production / process is carried forward under capital work in process. The expenditure carried forward is amortized over the period not exceeding ten years.

1.19 Impairment of assets :

The Management periodically assesses, using external and internal sources whether there is an indication that an asset may be impaired. If an asset is impaired, the company recognizes impairment loss as the excess of carrying amount of the asset over recoverable amount.

1.20 Provisions, Contingent Liabilities and Contingent assets :

Provision is recognised in the accounts when there is a present obligation as a result of past event(s) and it is probable that an outflow of resources will be required to settle the obligation and a reliable estimate can be made. Provisions are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the reporting date. These estimates are reviewed at each reporting date and adjusted to reflect the current best estimates.

Contingent liabilities are disclosed unless the possibility of outflow of resources is remote.

Contingent assets are neither recognised nor disclosed in the financial statements.

Note 31 Disclosures on Employee share based payments - (Guidelines notes issued by ICAI)

- a) In the 12th Annual general meeting held on 27th Sept, 2008, the shareholders approved the issue of 8,50,000 options under the Scheme titled "Autoline ESOS 2008" (ESOP A).

The ESOP allows the issue of options to Employees of the Company and it's Subsidiary Companies (whether in India or abroad) and also to the Directors of the Company /Subsidiary Companies. Each option comprises one underlying equity share.

As per the Scheme, the Remuneration / Compensation Committee grants the options to the employees deemed eligible. The options granted vest over a period of 5 years from the date of the grant in proportions specified in the Scheme. Options may be exercised within 5 years from the date of vesting.

The difference between the fair price of the share underlying the options granted on the date of grant of option and the exercise price of the option (being the intrinsic value of the option) representing Stock compensation expense is expensed over the vesting period.

Independent Auditors' Report**To The Members of Autoline Industries Limited****Report on the Consolidated financial statements**

We have audited the accompanying consolidated financial statements of **Autoline Industries Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries (the Holding Company and its subsidiaries together referred to as "the Group"), comprising the consolidated balance sheet as at March 31, 2016, the consolidated statement of profit and loss, the consolidated cash flow statement for the year then ended and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

Management's responsibility for the consolidated financial statements

The Holding Company's Board of Directors is responsible for the preparation of these consolidated financial statements in terms of the requirements of the Companies Act, 2013 (hereinafter referred to as "the Act") that gives a true and fair view of the consolidated financial position, consolidated financial performance and consolidated cash flows of the Group in accordance with the accounting principles generally accepted in India, including the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014. The respective Board of Directors of the companies included in the Group are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Group and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

Auditor's Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. While conducting the audit, we have taken into account the provisions of the Act, the accounting and auditing standards and matters which are required to be included in the audit report under the provisions of the Act and the Rules made thereunder.

We conducted our audit in accordance with the Standards on Auditing specified under Section 143(10) of the Act. Those Standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and the disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments; the auditor considers internal financial control relevant to the Holding Company's preparation of the consolidated financial statements that give a true and fair view in order to design audit procedures that are appropriate in the circumstances. An audit also includes evaluating the appropriateness of the accounting policies used and the reasonableness of the accounting estimates made by the Holding Company's Board of Directors, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence obtained by us is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Opinion

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the consolidated state of affairs of the Group as at March 31, 2016 and their consolidated loss and their consolidated cash flows for the year ended on that date.

Emphasis of the Matter

Without qualification, we draw your attention to the following:-

Note No. 9 of schedule of notes to the consolidated financial statements for non provision of diminution in the value of investment amounting to ₹ 32.84 Crores in Subsidiary Koderat Investments Limited (Cyprus), the note is self-explanatory and the company informed that since the matter is subjudice with Italian courts effect of diminution has not been considered in the consolidated financial statements. In the given circumstances we are unable to express our opinion on the matter.

Other Matters

We did not audit the financial statements of one foreign subsidiary Koderat Investments Limited (Cyprus) whose financial statements reflects total assets (net) of ₹ 3,165.51 lacs as at March 31, 2016, total revenues Nil for the year ended on that date. These financial statements are unaudited and have been furnished to us by the Management and our opinion on

the consolidated financial statements, in so far as it relates to the amounts and disclosures included in respect of the said subsidiary and our report on other legal and regulatory requirements in terms of sub-sections (3) and (11) of Section 143 of the Act in so far as it relates to the aforesaid subsidiary, is based solely on such unaudited financial statements.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in respect of the above matters with respect to the financial statements certified by the Management.

Report on Other Legal and Regulatory Requirements

1. As required by Section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purposes of our audit of the aforesaid consolidated financial statements.
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as it appears from our examination of those books.
- (c) The consolidated balance sheet, the consolidated statement of profit and loss and the consolidated cash flow statement dealt with by this report are in agreement with the relevant books of account maintained for the purpose of preparation of the consolidated financial statements.
- (d) In our opinion, the aforesaid consolidated financial statements comply with the Accounting Standards specified under Section 133 of the Act, read with Rule 7 of the Companies (Accounts) Rules, 2014.
- (e) On the basis of the written representations received from the directors of the Holding Company and its Subsidiary Companies incorporated in India as on March 31, 2016 taken on record by the Board of Directors of the Holding Company and its Subsidiary Companies incorporated in India none of the director is disqualified as on March 31, 2016 from being appointed as a director in terms of Section 164 (2) of the Act.
- (f) with respect to the adequacy of the internal financial controls over financial reporting of the Group and the operating effectiveness of such controls, refer to our separate report in 'Annexure A'; and
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditor's) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - i. The consolidated financial statements disclose the impact of pending litigations on the consolidated financial position of the Group.
 - ii. The company has long-term contracts as at March 31, 2016 for which there were no material foreseeable losses. The Company did not have any derivative contracts as at March 31, 2016.
 - iii. There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Holding Company and in case of its subsidiary companies incorporated in India there is no requirement of transfer of such amounts to Investor Education and Protection Fund.

‘ANNEXURE A’ TO THE INDEPENDENT AUDITORS’ REPORT**Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)**

In conjunction with our audit of the consolidated financial statements of the company as of and for the year ended March 31, 2016, we have audited the internal financial controls over financial reporting of **AUTOLINE INDUSTRIES LIMITED** (‘the Holding company’) and its subsidiary companies which are companies incorporated in India, as of that date.

Management’s Responsibility for Internal Financial Controls

The Respective Board of Directors of the Holding company & its subsidiary companies, which are company’s incorporated in India are responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) issued by ICAI and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and whether such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

Company’s Internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Holding Company and its subsidiary companies, which are companies incorporated India, have, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2016, however company is required to strengthen its financial control for obtaining balance confirmations from trade receivables & payables based on “the internal control over financial reporting criteria established by the company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India” (ICAI).

NOTES FORMING PART OF THE CONSOLIDATED FINANCIAL STATEMENTS AS AT MARCH 31, 2016**1 SIGNIFICANT ACCOUNTING POLICIES****1.1 Basis of accounting and preparation of financial statements :**

The consolidated financial statement relate to Autoline Industries Limited (the Parent Company) & its subsidiary companies. The Parent Company with its subsidiaries constitutes the Group.

- a) The Financial Statements of the subsidiary companies used in the consolidation are drawn up to the same reporting date as that of the Parent Company, i.e. year ended March 31, 2016. In the case of foreign subsidiaries the company has taken the same reporting date as used above.
- b) The consolidated financial statements have been prepared on historical cost convention and as a going concern and in accordance with accounting standard referred to in Section 129 of the Companies Act, 2013.

The company follows mercantile system of accounting and recognizes income and expenditure on accrual basis except those with significant uncertainties. Accounting policies not referred to otherwise are consistent with generally accepted accounting principles and trade practices.

- c) The accounts of the Parent Company & Indian Subsidiaries have been prepared in accordance with the Accounting Standards specified in section 129 and other provision of the Companies Act, 2013 and those of the foreign subsidiaries have been prepared in accordance with the local laws and the applicable Accounting Standard/Generally Accepted Accounting Principles, wherever necessary.

1.2 Principle of Consolidation

- a) The financial statements of the Parent Company and its subsidiaries have been consolidated on a line by line basis by adding together the book values of like items of assets, liabilities, incomes and expenses after eliminating intra-group balances, intra-group transactions and unrealised profits resulting there-from and are presented to the extent possible, in the same manner as the Company's independent financial statements.
- b) The financial statements of the Parent Company and its subsidiaries have been consolidated using uniform accounting policies for like transactions and other events in similar circumstances, except in the case of depreciation as pointed out in para. 5, in accordance with generally accepted accounting principles in India.
- c) The excess of cost to the Parent Company of its investment in each of the subsidiaries over its share of equity in the respective subsidiary, on the acquisition date, is recognised in the financial statements as 'Goodwill On Consolidation' and carried in Balance Sheet as an asset, where as the share of equity in the subsidiary companies as on the date of investment, is in excess of cost of investment of the company, it is recognised as 'Capital Reserve on Consolidation' and shown under the head Reserves and Surplus, in the consolidated financial statements.
- d) Minority interest in the net assets of consolidated subsidiaries consists of the amount of equity attributable to the minority shareholders at the dates on which investments are made by the company in the subsidiary companies and further movements in their shares in the equity, subsequent to the date of investments.
- e) The consolidated financial statements comprise of financial statements of Autoline Industries Limited (hereinafter referred as "Autoline"), subsidiaries incorporated in India viz. Autoline Design Software Ltd. (hereinafter referred as "ADSL"), Autoline Industrial Parks Ltd. (hereinafter referred as "AIPL") and outside India viz. Koderat Investments Limited (hereinafter referred as "Koderat").

1.3 Inventories :

Inventories are valued at cost or net realizable value whichever is lower; cost is ascertained on the following basis :

- a) Raw Material, Packing Material, tools, spares and consumable are valued at cost on FIFO Basis.
- b) Work in progress/ Finished Goods are valued at cost of manufacturing, which includes cost of Raw Material and labour and overheads cost up to the relevant stage of completion.

Tools and Dies under process has been valued on percentage completion based on estimated cost of production and development of respective tools and dies.

Cost includes taxes and duties paid/payable on such goods, wherever applicable.

1.4 Cash and cash equivalents (for purposes of Cash Flow Statement) :

Cash comprises cash in hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

1.5 Cash flow statement :

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the companies are segregated based on the available information.

1.6 Events occurring after the date of Balance Sheet :

Material events occurring after the date of Consolidated Balance Sheet are considered up to the date of approval of the accounts by the board of directors. There are no substantial events having an impact on the results of the current year Consolidated Balance Sheet.

1.7 Prior Period Items and Changes in Accounting Policies :

There is no change in the Accounting Policies which are being consistently applied by the company. No Prior Period items have materially affected this year's consolidated financial statements. Figures of previous year have been regrouped, rearranged and stated in line with the current year's presentation.

1.8 Depreciation :

- a) In case of parent company (Autoline) and its subsidiary (ADSL) depreciation on all tangible assets has been calculated on Straight Line Method (SLM). Depreciation is provided based on useful life of the assets as prescribed in Schedule II to the Companies Act, 2013.
- b) Intangible assets are written off over the period of 5 years & Research & Development is written off over 10 years. Depreciation on fixed assets, added / disposed off during the year, is provided on pro-rata monthly basis with reference to date of addition / disposal.
- c) In case of revalued Asset, the Depreciation calculated as per above method, and the difference between revalued value and original value is reduced from the total Depreciation and same is also reduced from the Revaluation Reserve.
- d) In case of foreign subsidiaries, depreciation on fixed assets has been provided at the rates required/permissible by the Generally Accepted Accounting Principles of the respective countries.

1.9 Revenue recognition :

- a) Sales are accounted on net of sales Returns/Rejection. Revenue from sale of products is recognized upon passage of title to the customer on acceptance of goods which generally coincides with the dispatch of materials

- b) Fixed assets are eliminated from financial statements, either on disposal or when retired from active use. The retired assets are disposed off immediately. The capitalised cost of such disposed/retired assets, are removed from the fixed assets records.
- c) Pre-operative expenses, including interest on borrowings, Wages paid to tool room employees and other incidental expenses and the proportionate overheads related thereto till the date of commissioning, for the projects, where applicable, incurred till the projects are ready for commercial production, are treated as part of the project cost and capitalised.
- d) Internally manufactured/constructed fixed assets are capitalised at factory cost, including excise duty, where applicable.

1.11 Research & Development :

- a) Revenue expenditure on research & development is charged to respective heads of account in the year of incurrence.
- b) Research & Development expenditure incurred on the identified product/ process is carried forward when its future recoverability can reasonably be regarded as assured. Expenditure incurred till the commencement of production / process is carried forward under capital work in process. The expenditure carried forward is amortized over the period not exceeding ten years.
- c) The carrying value of Research & Development cost is reviewed for impairment annually when the asset is not yet in use and otherwise when events or changes in circumstances indicate that the carrying value may not be recoverable.

1.12 Foreign currency transactions and translations :

- a) The reporting currency of the consolidated financial statement is Indian Rupee.
- b) On consolidation, the assets, liabilities and goodwill or capital reserve arising on the acquisition, of the non integral foreign operations are translated at exchange rate prevailing on the balance sheet date, and in case of integral foreign operations, at exchange rate prevailing on the date of transactions.

In case of non integral foreign operations, Income and expenditure items are translated at the monthly average exchange rate and in case of integral foreign operations, at exchange rate prevailing on the date of transactions.

Exchange differences arising in case of non integral foreign operations are recognised in the Exchange Difference on Consolidation classified under Reserves and Surplus.

- c) The premium or discount arising on forward exchange contract including those entered into to hedge foreign currency risk of a firm commitment or highly probable forecast transaction other than those which are not intended for trading or speculative purpose, are amortized as expenses or income over the life of the contract. Exchange difference on such contract is recognized in the profit & loss account of the reporting period in which the exchange rate changes. Any profit or loss arising on cancellation or renewal of such forward exchange contract is recognized as income or as expense of the year.
- d) At the close of the year the outstanding balances in foreign currency are converted in Indian Rupees at the rate applicable on the last date of the year or Forward contract rate whichever is less. The option available under amendment to AS-11 relating to "the effects of changes in Foreign Currency Rates" in respect of its long term foreign currency monetary items has not been exercised and hence the principles laid down in AS-11 before such amendment have been continued to be followed.

1.13 Government grants, subsidies and export incentives :

Government grants and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidy will be received. The same is treated as revenue/ capital as per the scheme framed by the Government and the same is routed through statement of Profit & Loss.

1.14 Investments :

Investments are recorded at cost of purchase. Interest earned on Bank Fixed Deposit is accounted on receipt basis. Unquoted investments are accounted at cost & Provision for diminution in value of long term investment is made, to recognize a decline other than temporary.

The liability in respect of Bonus and for Leave Encashment is provided on actual basis.

ADSL has not maintained fund for Gratuity at any authorised institution or trust or its own.

1.16 Employee Stock Options:

Employee Stock Options are evaluated and accounted on intrinsic value method as per the accounting treatment prescribed by Guidance Note on 'Accounting for Employee Share –Based Payments' issued by ICAI read with SEBI (Employee Stock Option Scheme & Employee Stock Purchase Scheme) Guidelines 1999 issued by SEBI. The excess of market value, if any, of the stock option as on the date of grant over the exercise price of the options is recognized as deferred employee compensation and is charged to the profit & loss account on vesting basis over the vesting period of the option .The un-amortized portion of the deferred employee compensation is reduced from Employee Stock Option outstanding, which is disclosed under Reserves & Surplus.

1.17 Borrowing costs :

Borrowing costs that are directly attributable to the acquisition, construction or production of fixed assets are capitalized as part of the cost of that asset. Other borrowing costs are recognized as an expense in the period in which they are incurred.

1.18 Earnings per share :

Basic earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) by the weighted average number of equity shares outstanding during the year. Diluted earnings per share is computed by dividing the profit / (loss) after tax (including the post tax effect of extraordinary items, if any) as adjusted for dividend, interest and other charges to expense or income relating to the dilutive potential equity shares, by the weighted average number of equity shares considered for deriving basic earnings per share and the weighted average number of equity shares which could have been issued on the conversion of all dilutive potential equity shares. Potential equity shares are deemed to be dilutive only if their conversion to equity shares would decrease the

net profit per share from continuing ordinary operations. Potential dilutive equity shares are deemed to be converted as at the beginning of the period, unless they have been issued at a later date. The dilutive potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value (i.e. average market value of the outstanding shares). Dilutive potential equity shares are determined independently for each period presented.

The number of equity shares and potentially dilutive equity shares are adjusted for share splits / reverse share splits and bonus shares, as appropriate.

1.19 Taxes on income :

Tax Expenses for the year, comprising Current Tax including Wealth Tax, and is included in determining the net profit for the year. A provision is made for the current tax and based on tax liability computed in accordance with relevant tax rates and tax laws.

1.20 Deferred Tax- Asset/ Liability :

The Accounting Standard 22 "Accounting for Taxes on Income" issued by the Institute of Chartered accountants of India, has become applicable to the Company. The Deferred Tax is recognized for all timing differences being the difference between "Taxable Income" and "Accounting Income" that originate in one period, and are capable of reversal in one or more subsequent periods and measured using relevant enacted tax rates. Deferred Tax Assets are recognized only if there is reasonable certainty that they will be realized and are reviewed for the appropriateness of their respective carrying value at each balance sheet date.

1.21 Miscellaneous Expenditure :

Miscellaneous expenditure is written off over a period of future economic benefit available not exceeding five years.

1.22 Deferred Revenue Expenditure :

The deferred revenue expenditure is considered in respect of Bank Processing fees, professional fees paid for new term loans, the period of which is more than 5 years and foreclosure charges in respect of term loan foreclosed. The same is written off over the period of loan taken / original period of loan foreclosed.

1.23 Impairment of assets :

The Management periodically assesses, using external and internal sources whether there is an indication that an asset may be impaired. If an asset is impaired, the company recognizes impairment loss as the excess of carrying amount of the asset over recoverable amount.

1.24 Provisions and contingencies :

The company recognizes provisions when there is a present legal or constructive obligation as a result of past event that probably require an outflow of resources and a reliable estimate can be made of the amount of the obligation. A disclosure of a contingent liability is made when there is possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is possible obligation or a present obligation that the likelihood of outflow of resources is remote, no provision or disclosure is made. Provisions are not discounted to its present value and are determined based on best estimates required to settle the obligation at the balance sheet date. These are reviewed at each balance sheet date and adjusted to reflect current best estimates.

1.25 Capital work in Progress :

The Expenditure which are of Capital nature and the assets for which it is incurred which has not come into existence/ put to use during the year is disclosed under this head.

Note 32 Disclosures on Employee share based payments - (Guidelines notes issued by ICAI)

- a) In the 12th Annual general meeting of **Autoline** held on 27th Sept, 2008, the shareholders approved the issue of 8,50,000 options under the Scheme titled "Autoline ESOS 2008" (ESOP A).

The ESOP A allows the issue of options to employees of the Company and its subsidiaries (whether in India or abroad). Each option comprises one underlying equity share.

As per the Scheme, the Remuneration / Compensation Committee grants the options to the employees deemed eligible. The options granted vest over a period of 5 years from the date of the grant in proportions specified in the Scheme. Options may be exercised within 5 years from the date of vesting.

The difference between the fair price of the share underlying the options granted on the date of grant of option and the exercise price of the option (being the intrinsic value of the option) representing Stock compensation expense is expensed over the vesting period.

b) Employee stock options details as on the Balance Sheet date are as follows:
