Subject: .TOP MID CAP 400 Compendium

Congratulations!

We are happy to inform you that your company has been ranked in the TOP 400 companies in the Mid Cap segment by our qualified and trained panel of researchers, and will feature in our MID CAP 400 Compendium 2008. The Top 400 companies have been selected based on the weighted scores of four parameters:

- \* SALES
- \* MARKET CAP
- \* NET PROFIT
- \* DIVIDENDadjusted for FV

As you know, the Mid Cap 400 is a popular annual publication from the Dalal Street Investment Journal Group and is a widely referred investment guide for investors who need definite, accurate and detailed information to guide their investment decisions especially in these times of a volatile market. It has a very wide circulation and is accepted as an authoritative compendium by Portfolio Managers/Broking Firms/Financial Institutions and by the retail Investor.

This is a stand-alone compendium containing up-to-date Financial Snapshots of each of the Top 400 companies covering statistical data on Product Mix, Investor Returns, Quarterly and Annual Trends and other performance parameters. In-depth interviews with selected Mid Cap company leaders provide an interesting and educative insight into their working strategies, past growth and future ambitions. Instructive, informative and insightful editorials contributed by leaders from among the Mentor companies / Industry leaders / AMCs / Banks / Other service providers and academics examine the value proposition of this segment and their contribution to the growth of the Indian economy. We invite your participation in this informative compendium in the form of an interview with your Chairman / M.D. / C.E.O. and request your early reply so that we can work out a convenient interview date. The Mid Cap 400 compendium will hit the stands by February 2008 and we therefore request your quick response.

Please do contact me in case you need any further details /clarifications.
